KIRUTHIKA RAMESH

HIGH-AGENCY MARKETING GENERALIST | GTM, CONTENT & DESIGN

Chennai, India · +91 6379103865 · kiruthikar0123@gmail.com
LinkedIn · Portfolio · Behance

PROFILE

High-agency marketing generalist with 3+ years of experience across B2B technology, SaaS, and IT services. Work across content, growth, design, lifecycle marketing, and GTM, taking projects from brief to execution. Comfortable moving between strategy and hands-on work, from writing technical content and building campaigns to creating sales collateral and improving marketing workflows. Use AI tools and code to research, test ideas, and automate repetitive tasks. Currently building deeper expertise in product marketing.

EXPERIENCE

Aegis Softtech | Contract Content Writer

April 2026 – Present

- Write B2B technology content for IT decision-makers across Microsoft technologies, enterprise software, AI, data, and business applications.
- Research search results, AI-generated answers, and industry sources to understand search intent, identify content gaps, and find useful angles.
- Turn technical topics into clear, business-oriented content while meeting SEO requirements and editorial guidelines.
- Manage research, outlining, writing, and editing independently.

Atlas Systems | Marketing Executive

February 2025 – February 2026

- Took ownership of Answer Engine Optimization (AEO) experiments, testing FAQs, glossary pages, and TL;DR sections to improve the brand's visibility in AI-generated answers.
- Led messaging and design direction for a demo-page revamp focused on improving the conversion experience and inbound lead quality.
- Authored and designed *The SQL Server 2016 End of Support Playbook* for CIOs and IT leaders, translating technical risks into business-focused content.
- Managed LinkedIn strategy, copy, and visual design, contributing **2,455 new organic followers in 311 days** and growing the page to **10,768 followers**.

- Created enterprise sales collateral, solution decks, presentations, landing-page content, and other marketing assets for sales and campaign needs.

Skcript | Growth Marketing Specialist

February 2024 – August 2024

- Ran lifecycle and re-engagement campaigns across email, audience segmentation, and CRM workflows, reactivating approximately 30 churned users, with **12 returning to paid subscriptions**.
- Grew the company's LinkedIn page from **300 to 3,500 followers organically in three months** through content and engagement initiatives.
- Built and launched trigger-based HubSpot email workflows based on lifecycle stage and user behaviour.
- Built and enriched a database of **1,000+ ICP-fit contacts** using LinkedIn Sales Navigator, Apollo, and Clay; maintained data quality through segmentation, deduplication, and CRM hygiene.
- Created sales enablement materials with Customer Success, including messaging and presentations for customer conversations and product adoption.
- Initiated a podcast experiment and developed a concept for a Product Manager community to explore new audience-building channels.

Prudent AI | Content Specialist

July 2023 – January 2024

- Developed nine blog posts and a technical e-book as part of content marketing efforts associated with a **100% increase in demo sign-ups**.
- Created LinkedIn advertising content and visual assets that supported follower growth from **500 to 2,000**.
- Ran targeted e-book promotion that generated **20 leads at a reported 10% conversion rate**.
- Turned technical product concepts into content for business and technology audiences.

Freelance | Content & Marketing Projects

2024 – Present

- Deliver content and marketing design for SaaS and IT brands across blog content, LinkedIn, website copy, pitch decks, and sales collateral.
- Take projects from brief through research, messaging, writing, and visual execution.
